Consumer Index Up 1.2 Per Cent

WASHINGTON (AP) — Soaring prices for food, gasoline and used cars pushed consumer prices up 1.2 per cent in July, the biggest monthly rise in inflation this year, the government reported today. Computed annually at 14.4 per cent, the inflation rate is the first in double figures since last September.

Last month's increase compared with a rise of eight-tenths of a per cent in June, providing further evidence that inflation pressure remains a serious problem for the economy as it recovers from its worst recession since the 1930s.

At the same time, the government reported that the nation's total economic output showed its sharpest improvement in four years at midyear, indicating that the economy is snapping back from recession more strongly than administration officials had expected.

The Commerce Department said its revised estimates of the Gross National Product showed a growth in volume of 1.6 per cent at an annual rate in the three months ended in June. The department's initial estimate last month had forecast a decline of three-tenths of one per cent at an annual rate.

In reporting consumer prices, the Labor Department said food prices rose 1.9 per cent in July, the biggest increase since a 2 per cent jump in August 1974. Gasoline prices jumped 4.3 per cent and used cars were up nearly 4 per cent. Officials said these increases accounted for three-fourths of the July increase.

Meanwhile, Agriculture Secretary Earl L. Butz said retail food prices this year could average around 9 per cent above last year's levels. That range would be in the middle of the department's "worst case" projections early last May when the growing season began.

The Federal Trade Commission said a

special analysis of meat, milk, bread and beer costs found no evidence of profiteering. Frederic M. Scherer, director of the commission's Bureau of Economics, said price increase in those four sectors of the food industry did not keep pace with rising costs over the last four years.

Scherer said he was unable to find "the middleman" who must be contributing to higher food costs, but that farmers and manufacturers apparently are not responsible.

Ford administration economists have been bracing consumers to expect a sharp increase in the inflation rate, but they contend it will be only temporary and not foreshadow a return to the sustained double-digit inflation that prevailed most of 1974.

The Consumer Price Index stood at 162.3 last month, 9.7 per cent higher than a year ago. That meant it cost \$16.20 to buy a variety of goods and services which could have been purchased for \$10 in the 1967 base period.

With the new surge in inflation, the pay of American workers failed to keep up with rising prices. Real spendable earnings — what's left after adjustment for taxes and inflation — dropped five-tenths of a per cent in July. Over the year, real earnings were down three-tenths of 1 per cent.

Prices of most foods rose in July, with fresh vegetables, poultry and pork leading the way. Beef prices also were up but less than in May or June. Dairy products jumped in price for the first time this year. Egg prices, after two months of decline, also rose.

About the only good news in the food price picture was a 14.5 per cent drop in sugar prices.

If the over-all increase in prices in July was continued over an entire year, that would be an annual inflation rate of 14.4 per cent.

Registration At Local Elementary Schools Set

Registration at Carter and Robertson Elementary Schools will be held Wednesday, August 27, according to Dennis Taylor, Principal.

Students in grades kindergarten through four will register at the schools on the following schedule:

8:40 - 9:15 — students whose last name begins with A through D
9:20 - 9:55 — students whose last name begins with E through J

1:00 - 4:00 — Anyone who can not meet the morning schedule may register by coming to the principal's office during these hours.

Children who will be attending the Carter kindergarten and the special education class will register on the same schedules. The kindergarten of the Sigma Department of the Murray Woman's Club will begin Tuesday, September 2.

Half-day sessions will be held at Carter and Robertson on Thursday and Friday, August 28 and 29, with Carter sessions from 8:05 to 11:30 a. m., and the Robertson sessions from 8:35 to noon.

The first full day of school will be held Tuesday, September 2 when Carter will

dismiss at 2:20 p. m. and Robertson at 2:50 p. m.

Bus for both schools will start operation on Thursday, August 28.

Monday, September 1, will be a holiday for all children and personnel of the schools.

Court Denies Motion For Delay In Desegregation Implementation

LOUISVILLE, Ky. (AP) — A motion for a delay in the implementation of a desegregation plan that calls for the busing of 22,600 pupils in the Louisville school system next month has been denied by the 6th U. S. Circuit Court of Appeals.

The decision by the three-judge panel was announced Wednesday in Cincinnati.

The delay of the busing plan had been requested earlier in the week by John A. Fulton, attorney for the Jefferson County School Board.

Fulton said after learning of the 6th Circuit's decision that he would "move promptly" to attempt to bring the matter before the U. S. Supreme Court.

The appeals court said the motion for a stay "flies in the face" of its July 17 order directing U. S. District Judge James F. Gordon to implement a desegregation plan

for Louisville schools.

Gordon announced his plan on July 30 and said then that it involved busing 22,600 pupils from "home" to "away" schools.

Fulton had sought to delay the busing portion of Gordon's plan. He said he could ask a Supreme Court justice to review the case but if an oral argument isn't granted he then will file papers with the high court.

"The grant of a stay at this time would have the effect of overruling our recent per curiam opinion of July 17 which emphasized the necessity that any plan to remove remaining vestiges of state imposed segregation should take effect at the beginning of the 1975-76 school year," the appeals court said.

"Further, it is apparent from the motion for a stay that it not only flies in the face of our recent per curiam opinion that a plan

PADUCAH, Ky. (AP) — A state official says Western Kentucky farmers whose crops have been damaged by sulfur dioxide will receive "equitable" payments from the Tennessee Valley Authority.

Frank Harscher, state commissioner of

environmental quality, told a group of farmers Wednesday that the state will make an independent assessment of crop losses due to a sulfur dioxide burn near Paducah on July 21.

The Tennessee Valley Authority, which operates the Shawnee Steam Plant near

Paducah, currently is appraising effects of the latest burn.

TVA already has said it would pay some farmers for 1974 soybean losses and for land damage caused in 1971 when it conducted a survey of farm damage caused by sulfur dioxide.

"The governor is anxious to see that the farmer having losses gets a fair shake," Harscher said.

He added that the state is in touch with Illinois official concerning compensation for farmers whose crops may have been damaged from gases emitted by a plant in Illinois, across the river from Shawnee.

According to some farmers at the meeting, TVA's method of assessing losses is not equitable.

Harscher said differences between farmers and TVA will be worked out.

"We intend to look at the situation with an open mind and take an independent stand on losses," Harscher said.

Tucker To Head Voter Registration

Don Tucker, Murray realtor, has been named by the Calloway County Democratic Executive Committee to head a voter registration drive leading up to the general election this fall.

His appointment was announced by Mrs. Mary Jane Littleton, committee chairman. She said several activities will be planned to promote nonpartisan voter registration before the registration deadline Oct. 6. Election day is Tuesday, Nov. 4.

Tucker, a native of Murray and a graduate of Murray State University, is the vice-president of the Kentucky Association of Realtors, a past president of the Murray Rotary Club, and a former member of the board of directors of the Murray Chamber of Commerce. He has directed other voter registration campaigns in the past.

Tucker emphasized that the object of the drive "is to encourage everyone who is not registered, Republicans, Democrats and Independents alike, to register by Oct. 6 in order to qualify to participate at the polls on election day."

Calloway countians may register in the Calloway County clerk's office on the first floor of the courthouse. Registrants should bring their Social Security card because that number will serve as their voter registration number. People who have never been issued a Social Security card may also register.

To be eligible to register, a citizen must be election day be at least 18 years of age and reside in his precinct 30 days.

Attorney Asks That Open Meetings Law Be Voided

LOUISVILLE, Ky. (AP) — Describing Kentucky's open meetings statute as an "overreaction to the Watergate syndrome," Jefferson County Attorney J. Bruce Miller has asked the state Court of Appeals to declare the law unconstitutional.

"The statute inhibits the orderly flow of governmental information," Miller said in his brief to the state's highest court. "The statute places government in a disadvantage with private industry."

He said it also "can make a public official a criminal for exercising his constitutional right to freedom of speech and assembly."

Miller asked the high court to overturn a ruling by Jefferson Circuit Court Judge Alex G. Booth in which the county's Fiscal Court was found in violation of the open meetings statute.

Booth said the court violated the statute by holding three closed meetings and by taking telephone votes on two subjects.

His ruling was in response to a suit filed by The Courier-Journal and The Louisville Times Co. and by a reporter for the newspapers.

Miller's brief contends that Booth should not have ruled in the case without granting a hearing "on matters of grave public concern where a genuine difference of opinion exists."

Regarding the telephone votes, the brief said if the open meetings law requirements have to be followed on such occasions government "will be placed in the position of unending harassment serving no public purpose."

The appeal of Booth's ruling said that if it were illegal to discuss governmental business at social gatherings "the wheels of government would soon grind to a halt and the effectiveness of government would be irreparably damaged."

North Fork News...

Many Visitors Reported In Area; Persons Ill

By Mrs. R. D. Key
August 11, 1975
Well I'm finally back with a bit of news. Due to the illness and death of my sister-in-law, Mrs. Virgie Wicker, I have not been able to get the news in and some of this may be old, but yet it is news to people far away that get the paper and always look forward to seeing the North Fork News.

Mr. and Mrs. Jackie Smith of Louisville spent last week with the Gerald Holley family.

Mr. and Mrs. Jackie Tarkington and son of Gulfport, Miss., are visiting Mr. and Mrs. Enloe Tarkington for a few days.

Mrs. Holice Grooms spent several days in the Henry County Hospital. Those visiting her while there were Bro. and Mrs. Warren Sykes, Mr. and Mrs. R. D. Key, Howard Morris, Mr. and Mrs. Enloe Tarkington, Mrs. Oyna Orr, Bro. Glynn Orr, Mr. and Mrs. Jackie Tarkington, Mr. and Mrs. Tellus Orr, Mr. and Mrs. A. L. Paschall, May Paschall, Mr. and Mrs. Carol Boyd, Mr. and Mrs. Fred Orr, and others I can't recall. Mrs. Grooms is at home slowly improving. Mrs. Bertie Jenkins and Mrs. Jessie Paschall visited Mrs. Grooms Saturday afternoon.

Bro. and Mrs. Warren Sykes and son, Mitch, Bro. and Mrs. Glynn M. Orr and sons, Rickie and Bryan, Mr. and Mrs. Gaylor Morris, and Miss Linda Hayes visited Mrs. Ella Morris Saturday afternoon.

Milford Orr is now at home after being a patient at a Nashville hospital. He is improving slowly.

Bro. Jerry Lee will go to Memphis, Tenn., Tuesday for a check up on his eyes.

Bonnie Kuykendall of Detroit, Mich., and mother, Mrs. Myrtle Kuykendall of Fulton, visited Mrs. Ella Morris Thursday.

Mr. and Mrs. Jesse Hopkins and son, Mike, of Chicago, Ill., are here visiting Mr. and Mrs. Taylor Owen of Puryear, Tenn., and Mr. and Mrs. Rufus Hopkins of Paris, Tenn.

Mr. and Mrs. Taylor Owen, Mr. and Mrs. Max Dale, and Mr. and Mrs. Jesse Hopkins and son, Mike, were dinner guests of

the Rex Owens Sunday.

Mr. and Mrs. Morris Jenkins and son, Kenny, are visiting this week with Mr. and Mrs. Glenn Eastlick and Mr. and Mrs. Mike Jenkins in Iowa.

Mr. and Mrs. Ralph Darnell, Mr. and Mrs. Ron Wright and children, Mr. and Mrs. Coy Kuykendall, Mr. and Mrs. Ralph Gallimore, and Mr. and Mrs. Gaylon Morris visited Mrs. Ella Morris last Sunday.

Mr. and Mrs. Glynn Orr, Mr. and Mrs. Fred Orr, Mr. and Mrs. Vester Paschall, Mr. and Mrs. Douglas Vandyke, Mrs. Bertie Jenkins, and Howard Morris visited Milford Orr over the weekend.

Mr. and Mrs. Glynn Orr attended the revival at Bethlehem Baptist Church Friday night where their son, Glynn M. Orr, was doing the preaching.

Charlie Wicker and Mr. and Mrs. Joe Powell and Laurel visited the R. D. Keys Sunday afternoon. We missed Mrs. Wicker being with them as she passed away last Sunday after four weeks in Henry County Hospital. Mr. Wicker will make his home with his daughter in Paducah later on.

Mr. and Mrs. Clerris Wilson and Mrs. Ovie Wilson visited Maburn Key in the Murray-Calloway County Hospital Sunday and Odie Morris at his home.

Mr. and Mrs. Charles Paschall spent last week in Chattanooga, Tenn., visiting Mr. and Mrs. George Whitford.

Bro. and Mrs. Glynn M. Orr and sons, Rickie and Bryan, were dinner guests of Mrs. Ella Morris and family Sunday.

Bro. and Mrs. Jerry Lee visited the R. D. Keys and Warren Sykes Monday.

Well I guess I'll have more time to collect the news. I've been just sitting and on the bed since Wednesday and going on a walker since suffering an injured ankle and knee on April 8.

The average size farm in the United States last year was 383 acres. During the past decade, the average size has increased by one-fifth, according to U.S. Department of Agriculture figures.

Carrie Story, Evon Towery Attend Meet

Forming a new area organization, eleven area residents met Thursday, August 14, at the Parkview Convalescent Center, Paducah, to create the Western Kentucky Dietary Supervisors.

The eleven charter members represented a five-county area.

The group also selected their first set of officers at the meet. Chosen were: Frances Helton, president; Barbara Haley, vice president; Helen Sims, secretary; and Ruth Byrd, treasurer.

Those attending were: Nancy Nimmo and Clara Reed, Benton; Carrie Story and Evon Towery, Murray; Ametta Guess, Gertrude Slayden, Ruby Beard, Frances Helton, Barbara Haley, Paducah; Ruth Byrd and Helen Sims, Calvert City.

The group was slated another meeting for November.

Mrs. Boyd Leads Study, Women Of Bible, At Presbyterian Meet

The Cumberland Presbyterian women of the North Pleasant Grove Church met Thursday, August 14, at seven p.m. at the home of Mrs. Joe Pat Thornton for their regular monthly meeting.

Mrs. Margaret Nell Boyd, president, opened the meeting with prayer and conducted a brief business session. Mention was made of the meeting of Presbytery in October at the Oak Grove Cumberland Presbyterian Church.

The missionary program, which was a continuation of the study of women in the Bible, was presented by Mrs. Boyd, Mrs. Thomas Jones, Mrs. James Coleman and Mrs. W. Edd Glover.

Discussions and scripture references were given of Hannah-mother of Samuel, Mary-mother of Jesus, Elizabeth-mother of John the Baptist, Miriam-sister of Moses, Ruth and Naomi, Mary and Martha, Lydia, Dorcas, Priscilla and several other women.

Mrs. Jones led the closing prayer. Visitors present were Mrs. A. J. Marshall and Mrs. Eugene Hester.

The September meeting of the CPW will be held at the home of Mrs. Thomas Jones, with Mrs. Edwin Cain as program leader.

Church Members Visit Nashville

Members of the First United Methodist Church of Murray recently returned from Nashville, Tenn., where they toured the agencies of The United Methodist Church and the sites of Music City, U. S. A.

Among their stops were The Upper Room Chapel and Museum and Scarritt College for Christian Workers. Scarritt is unique in that it is United Methodism's only school designed to train lay workers for church related professions.

Groups like this stay in local churches while in the city and enjoy the many cultural and entertainment features of the "Athens of the South."

Orangutan Seeks Ride: Object — 'Matrimony'

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: Because you have always been a good friend to the Como Park Zoo, I am asking a favor of you. We have a 5-month-old female orangutan named Joy who has been invited to the Los Angeles Zoo on a "breeding loan." They have a male orangutan named Guy whom they would like to mate with Joy.

Do you know anyone who has an air-conditioned automobile who would be willing to drive Joy and her foster parents (Arlene and Joe Scheunemann) to Chicago to board an airplane to transport Joy to L.A.?

Joy is small enough to be held in one's arms, she has good manners, and she would do no damage to the automobile. JOHN FLETCHER, DIRECTOR ST. PAUL COMO PARK ZOO

DEAR JOHN: If Joy is a "liberated" orangutan, she may not like the idea of going to L.A. to accommodate the male. If Guy wants a date with a sure thing, why doesn't HE fly to St. Paul?

On the other hand, if Joy WANTS to meet Guy in L.A., I will provide the child bride with air-conditioned transportation. And I hope she returns "heir-conditioned."

DEAR ABBY: My husband does sheet-rock work for a living. He makes good money, but he's always wanted to be an accountant, so he's been going to night school. He's young and smart, and will finish his accounting course next year.

The problem is that everyone we meet asks Carl what he does for a living, and when he tells them he does sheet-rock work, they say, "Oh, come and take a look at this hole in my wall," or, "I've been looking for someone to do that kind of work for me."

Carl and I both work five days a week, and we like to have our weekends free to maybe go someplace together, but with all these sheet-rock jobs he has to do for friends, he's tied up.

How can Carl turn these people down in a nice way? CARL'S WIFE

DEAR WIFE: Carl should simply tell them that he's sorry but he doesn't have the time. And he'd better start practicing that line while he's still in sheet-rock because when he becomes an accountant, he'll have even more "friends" imposing on him for favors.

DEAR ABBY: This is in response to your column item about the person who loved to travel, but who invariably had a seat next to some longwinded bore.

I pretend I don't speak English! It is a nearly fool-proof method I have used for years. When someone cranks up, I say: "No hablo ingles" or "J'n parle francais," etc.

Of course I have to be careful that when the stewardess or bus driver comes by, I don't respond in English! I also have to be careful to conceal an English language book or newspaper, which is a dead giveaway. With these precautions, it works nearly every time.

One of my female friends discourages would-be conversationalists by removing her partial upper plate. A big, toothless grin in the direction of the offender is usually sufficient.

Busing Furor Being Stirred

By S. C. Van Curen

By S. C. VAN CUREN
FRANKFORT — Double, double toil and trouble; — Fire burn, and cauldron bubble. These lines from Shakespeare's *Macbeth* could be applicable to the furor in Jefferson County over court-ordered school busing that is being stirred by the two candidates for governor.

There is enough emotional upset already in our educational system without politicians demagoguing the issues. While I do not agree with busing just for the sake of racial balance in the school system, it's the law of the land. The courts have spoken, and the citizenry is obligated to abide by the law until it can be changed in an orderly manner. The only recourse now, it seems, is a constitutional amendment, or a change in the philosophy of the U. S. Supreme Court.

Public opinion can accomplish this, but the lives and future of children should not be used as the catalyst to achieve such a goal. The children will be the victims if strong-headed reactionaries adopt the attitude that any sacrifice is legitimate to win their point. Politicians are always tempted to use emotional and social issues if it appears to be to their advantage.

Some Jefferson County parents have appealed to Gov. Julian Carroll to call a special session of the General Assembly to repeal the statutes that make school attendance mandatory for children from six to 16 years of age. To his credit, he has refused to do this, but one credit doesn't erase the minus that he is engendering by lending an attentive ear to the reactionaries.

Kentucky education has come too far since 1950 to let it be destroyed in a calamitous issue involving emotions and the deep-seated feeling of parental rights. It is far better to endure hardships and distasteful obedience for a year or so than to destroy decades of work that have been devoted to improving the public school system.

Public opinion will change things, and the signs are now in the winds. One of the chief advocates of racial balance in the public schools has already admitted that this theory alone is not the right route to travel. He is admitting there are mitigating factors that should be considered for the common good. Diverse opinions in the federal district courts also are indications that the philosophy must change. One hard and fast rule is not the answer.

Remember the battle we had following World War II to upgrade primary and secondary education in Kentucky. Financing and method was the problem. Until we amended Kentucky's constitution in the early 1950s to distribute state educational funds on the basis of average daily attendance instead of school-age census, we faced mediocrity in education standards.

The attendance laws were not enforced for the simple reason that many districts didn't have the buildings or the teachers to handle the children if they were forced to attend school. Too, superintendents with inclinations of political power, understood the limiting situation and used to the money to the advantage of their own image.

Today In History

By The Associated Press

Today is Thursday, August 21, the 233rd day of 1975. There are 132 days left in the year.

Today's highlight in history: On this date in 1951, the United States ordered construction of the first atomic submarine.

On this date: In 1680, Pueblo Indians took possession of Santa Fe, N.M., after driving out the Spaniards.

In 1940, the Communist revolutionary, Leon Trotsky, died of wounds inflicted by an assassin in Mexico City.

In 1943, it was disclosed that Japan had evacuated its last North American foothold in the Pacific War — the Aleutian island of Kiska.

Today's birthdays: Britain's Princess Margaret is 45. Bandleader Count Basie is 71. Basketball star Wilt Chamberlain is 39. Thought for today: There never was a good war or a bad peace — Benjamin Franklin, 1706-1790.

Bicentennial footnote: Two hundred years ago today, the General Congress in Providence, R.I., adopted a bill to ban pilots from guiding British ships in or out of any waterways of the province.

What Is A Cow?

(Opinions expressed in this column are those of the writer and do not necessarily reflect the editorial views of The Murray Ledger & Times. Readers who would like to express their opinion on the issues discussed in this column are encouraged to respond with a Letter To The Editor.)

A cow is a completely automated milk manufacturing machine. It is encased in untanned leather and mounted on four vertical movable supports, one at each corner.

The front end of the machine contains the cutting and grinding mechanism, as well as headlights, dog catcher, air inlet and exhaust, a bumper and a foghorn. At the rear, the machine carries the milk-dispensing apparatus and, in addition, an automatic fly swatter and insect repeller.

The central portion houses a hydro-chemical conversion plant. Briefly, this consists of four fermentation and storage tanks connected in series by an intricate network of flexible plumbing. This part also contains the central heating plant complete with automatic temperature controls, pumping station, and main ventilating system. The waste disposal apparatus is located to the rear of this central station.

Cows are available in an assortment of sizes and colors. Production output ranges

from two to twenty thousand pounds of milk per year, (or more).

In brief, the main externally visible features of the cow are: two lookers, two hookers, four standeruppers, four handdowners, and a swishy-wishy.

Tax Reform

From The U. S. Chamber Of Commerce

The American economy is faced with a vast shortage of capital funds. This translates into sorely-needed investment capital to produce 10 million new jobs by 1980.

According to some estimates, the nation in the next decade will require \$4.5 trillion — more than three times our current gross national product, all we produce in goods and services each year.

From where will the money come? One of the major sources of such funds is the profits that business plows back into its enterprises. But corporate profits have been declining as a percentage of national income — from 6.8 per cent to 3.3 per cent in 1973.

The Chamber of Commerce of the United States, along with top economic advisers of President Ford, believe our tax laws are mainly at fault because they discourage incentives to capital formation.

"To encourage growth of capital," says the National Chamber, "we need to change and modernize our tax laws." The Chamber documented its case for tax reform before the House Ways and Means Committee in a statement that proposes:

— A permanent full 12 per cent investment tax credit, on an expenditure basis, uniformly applied to all business, and without limitations based on tax liability in order to encourage job-producing investment.

— Reductions in tax rates to permit and encourage reinvestment of earnings in sufficient amounts to promote economic progress.

— Removal of double taxation of equity

capital resulting from taxation of corporate earnings and of corporate dividends received by individuals. High tax rates have emphasized the unfairness and unsoundness of double taxation.

— Reduction of the rate of taxation for capital gains proportionate to the length of time an asset is held, with the reduction being gradual and continuous.

The Chamber document is challenging, indeed.

Many Americans, for example, have a thing about profits and construe tax changes of benefit to business as a "tax break." Before we can change our tax laws we must overcome the syndrome that profits and greed are akin to one another.

We also must recognize that for every job there is a price in capital investment. According to a 1975 *Fortune* magazine survey, the median investment for each job in U. S. industry is \$33,658.

Tax reform must start somewhere. Why not start with these challenges?

Understanding Alcoholism

Alcohol: A Family Affair

a health column from the Alcohol, Drug Abuse, and Mental Health Administration U.S. Department of Health, Education, and Welfare

Take. They look upon moderate drinking as a pleasant means of relaxing, adding to the enjoyment of meals. Or alcohol use may be a long-accepted part of family or religious ceremonies. But they avoid intoxication or drunkenness.

Researchers have found that most low risk groups of drinkers have family customs which dictate the way they use alcoholic beverages. If the parents drink, they present a constant example of drinking responsibly and in moderation, without lecturing or preaching. They teach by example: "Ground rules" for using alcohol or not using it are well established in these families and agreed upon by all.

In contrast, problem drinkers generally come from families that have far different practices, beliefs, and attitudes. In these instances, family "ground rules" for drinking are vague and inconsistent. One set of rules might hold for the men and another for the women. One parent might favor drinking and the other oppose it.

Tragically, some of these parents seem relieved when their children give up "pep" pills, marijuana, and similar drugs and turn to alcohol. Family by family, a set of ground rules should be decided upon that each member can follow regarding responsible use of alcoholic beverages. For some family members, the choice may be not to drink.

It is also imperative that family lines of communication be kept open about drinking practices if the result is to be development of healthy attitudes and nondestructive practices regarding alcoholic beverages.

Alcohol-related problems touch all of us in one way or another. A family can take the first step in avoiding them by examining and discussing honestly its attitudes and ground rules on drinking.

For more information about alcohol use, and about alcoholism, write to the National Institute on Alcohol Abuse and Alcoholism (NIAAA), P.O. Box 2345, Rockville, Maryland 20852.

Let's Stay Well

Anesthesia By Electric Current

By F.J.L. Blassingame, M.D.

BLASSINGAME

A constant search is always underway to find improvements in anesthetics.

The French think that advances in their system of electroanesthesia have now been sufficiently developed to justify using it more widely. According to a report in *Medical World News*, anesthesiologists, as the French call their electroanesthesia, has won approval of French anesthesiologists and will be put into routine operation in 50 state-operated hospitals in France.

One of the developers of the system, Dr. Christian Debras, speaking to the International Electroanesthesia Conference in Paris, said that anesthetic had reduced the doses of anesthetic drugs in more than 500 opera-

tions and that it was effective and harmless.

Researchers admit that anesthetic is not perfect and that about 20 per cent of the patients are not completely anesthetized by the electric current. "We can't account for failure of electroanesthesia to act uniformly on all patients," said Dr. Debras. Also, he admits that the mechanism by which the electric current produces the anesthetic effect remains a safe, effective form of anesthesia.

The best results come in combining anesthetic with drugs. The drugs are administered first, then, after a time, the electric current is used. It is passed through the brain by means of a positive electrode placed between the eyebrows

and two negative electrodes behind the ears. Only a small amount of current is required.

Manufacture of the anesthetic units is underway for worldwide distribution. The proponents believe that electroanesthesia will improve with additional experience and that this new method will find acceptance among anesthesiologists as a safe, effective form of anesthesia.

Q. Mrs. V.E. says, "I have been reading of bottles of saccharin tablets exploding. Are they dangerous to have around the home?"

A. Carbon dioxide escapes from the saccharin tablets and it will build up pressure in the bot-

tle if the cap is not designed to allow the gas to escape. One manufacturer, E. R. Squibb & Sons, had to recall large bottles of saccharin which contained 500 tablets because they were packed in bottles which failed to let out the gas. No injuries have been reported. A bottle of saccharin is safe to have at home.

Q. Miss B. D. states that she dreads to go to a dentist for treatment because she gags so easily, and she wonders if anything can be done to give relief.

A. A sedative or tranquilizer taken ahead of time will help. In severe cases, the dentist can spray your throat with a local anesthetic to lessen or stop your gag reflex long enough to carry out dental treatment.

Your Individual Horoscope

Frances Drake

FOR FRIDAY,
AUGUST 22, 1975

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES

(Mar. 21 to Apr. 20) 
Travel under especially beneficial influences. In fact, some exciting circumstances attending a short trip should give you a big lift.

TAURUS

(Apr. 21 to May 21) 
Care needed in routine activities now. Make no drastic changes arbitrarily, and be especially careful about details. There's a tendency to let the mind wander when it shouldn't.

GEMINI

(May 22 to June 21) 
Don't be discouraged if your efforts seem unappreciated. Instead, draw attention to them — but in a subtle manner.

CANCER

(June 22 to July 23) 
An excellent day for dealing with superiors, for making them aware of your ultimate goals and expressing your willingness to take on more responsibilities.

LEO

(July 24 to Aug. 23) 
Rule out extremes and risky chance-taking. It is sometimes difficult for the Leoite to stress conservatism, but it's a MUST during this somewhat misleading period.

VIRGO

(Aug. 24 to Sept. 23) 
Take a second look before accepting new ideas or unusual propositions. Don't waste time and energy pursuing a will o' the wisp. Be especially careful about financial involvements.

LIBRA

(Sept. 24 to Oct. 23) 
Rationalize, think things out with logic before making important moves. Your seeking, searching mind will permit you to see the essentials — and new opportunities.

SCORPIO

(Oct. 24 to Nov. 22) 
Much competition in store! You should revel in most of the challenges offered. A fine day for capitalizing on your gift of salesmanship — of your wares AND yourself!

SAGITTARIUS

(Nov. 23 to Dec. 21) 
As with Libra, serious thoughts should be given before taking serious steps. Don't let superficial attractiveness blind you to flaws at the core of propositions.

CAPRICORN

(Dec. 22 to Jan. 20) 
Be guided by logic in stress periods. Give anxiety no quarter. Be prepared to cope with some minor obstacles which may appear.

AQUARIUS

(Jan. 21 to Feb. 19) 
Sturdy effort will see you through this day of mostly variable influences. Some hours may be really "tricky." All challenges should prove interesting, however.

PISCES

(Feb. 20 to Mar. 20) 
An appetite for hard work and consistent accuracy will help you break through "impossible" barriers now.

YOU BORN TODAY are extremely versatile. Leoites have attained great heights in politics, the military, literature and industry; also as poets, musicians and painters. You are generous, almost to a fault, are always willing to share your assets with your loved ones; sometimes, however, use this as a "hold" over them in order to get your own way. Don't! You have great pride in all that you do, but it sometimes becomes excessive, so be alert, since the arrogance you display at such times alienates others. Birthdate of: Samuel P. Angels As Team Still Trying To Catch Maris In Homer Race

By FRED ROTHENBERG
AP Sports Writer

The California Angels have speed on the mound and speed on the basepaths; but in the home run derby, they're slower than a home run trot.

"As goes the pitching, so goes the Angels," says California Manager Dick Williams, whose club has connected for a major league-low of 42 homers this season. "We're still trying to catch Roger Maris."

The pitching went well Wednesday with fireballer Nolan Ryan blazing his high, hard ball once again after missing 11 days with a combination of a pulled groin muscle and control problems.

Ryan gave up three hits before being relieved in the eighth inning as California beat the Milwaukee Brewers 6-1 for Ryan's 13th victory in 25 decisions.

Elsewhere in the American League, Oakland beat Detroit 2-1; the Chicago White Sox dumped the New York Yankees 5-3; Kansas City topped Boston 3-1, and Baltimore shaded Minnesota 3-2.

Ryan permitted a leadoff single to Bob Sheldon in the

first inning and then didn't give up a hit until the eighth when Bill Sharp doubled and then scored on Robin Yount's double. At that point Ryan was lifted for Andy Hassler.

"I slowed up my delivery after the first inning and things fell into place," said Ryan, who struck out nine and walked three. "I'm still not completely in the groove, but I'm satisfied with the way I threw the ball today."

A's 2, Tigers 1

Pitchers Sonny Siebert and Jim Todd, who were not with the team at the start of the season, combined to pitch a four-hitter and the A's ended Detroit's four-game winning streak.

Siebert allowed three hits in the first five innings to pick up his third victory of the season. Todd blanked the Tigers on one hit over the final four innings for his ninth save of the year.

White Sox 5, Yankees 3
The Yankees dropped to 9-10 under new Manager Billy Martin, the first time they've been under .500 for games Martin has managed.

Chicago's Wilbur Wood, 13-16, broke a personal three-game

losing streak with a six-hitter. After Bobby Bonds' three-run homer in the second, Wood surrendered only two more hits the rest of the way.

Royals 3, Red Sox 1

Rookie Dennis Leonard held Boston to six hits and hot-hitting John Mayberry had three hits in Kansas City's victory.

Mayberry stroked the first of his two doubles in the fourth and scored on George Brett's single. After a walk to Tony Solaita, Al Cowens followed with an RBI double. Amos Otis slugged a two-out triple in the fifth and came home on Mayberry's double.

Orioles 3, Twins 2

Ross Grimsley hurled a seven-hitter as the Orioles picked up a game on the Red Sox and now trail Boston by seven games in the AL East.

Dave Duncan scored the Orioles' third run in the ninth when he doubled and came around on Tommy Davis' infield single, which second baseman Rod Carew threw past first for an error.

The Wranglers Riding Club will ride Friday at 7:30 p.m. at the riding pen East of Murray on the Van Cleve Road.

A special event to be held this week is the catalog race and anyone can enter this event. There will be no entry fee and a trophy will be given to the winner.

Everyone is welcome to ride with the Wranglers, and spectators are welcome. Food will be available in the concession stand.

Tracing Injury

BOSTON (AP) — The imbalance in the left ear that put Boston Red Sox third baseman Rico Petrocelli on the 15-day disabled list may be the result of being hit by a pitch last season.

Petrocelli was hit on the head last Sept. 15 in Milwaukee by a Jim Slaton pitch and missed the rest of the season.

A Red Sox spokesman said a doctor thinks the third baseman's present problem may stem from that injury. Petrocelli left the Sox in Chicago last Sunday.

Mary Bain Captures Tri-State Tournament

Mary Bain of Sikeston, Mo., was the winner of the ladies' Tri-State Tournament at the Murray Country Club yesterday, posting a four-over-ladies-par 154 to capture the two-day, 36-hole event by seven strokes.

Mrs. Bain carded a 76 in Tuesday's play and carded a 78 Wednesday after holding a five-stroke lead on the field after the initial round.

Finishing second was Eleanor Griffin of Paducah with a 161 after rounds of 81 and 80. Beverly Parker of Murray, who leaves today for the University of Alabama where she will play as a member of the Crimson Tide's girls' golf team, finished third with 164. Rae Warford was fourth with 166.

Jerlene Sullivan captured low net honors in the championship flight with 166. Sue Taylor of Paducah was second with 152, while Wanda Mullinax and Betty Shepard tied for third with 155.

Dot Simmons of Paducah won the first flight with 175, followed by Betty Lowry, Murray, with

177; Venela Sexton, Murray, with 179; and Murrelle Walker of the Oaks club in Murray with 180.

Euva Nell Mitchell, Murray, was the first flight low net winner with 144. In second place with 150 was Shirley Morris of Mayfield with 150, while Mary Bogard, Murray, and Dot Arnold, Paducah, tied with 151.

Essie Caldwell of the Murray Oaks club was the winner of the second flight with 191. Vickie Nance was second with 192, followed by Grace James, Oaks, with 195 and Mary Alice Smith with 196.

Madelyn Lamb, Murray, was the low net winner in the second lift with 153. Virginia Jones, Oaks, was second with 151; Dot Reaves, Paducah, with 149, and Margaret Smith with 155.

Winner of the third flight was Burlene Brewer with 199, followed by Barbara Hambrick, Sikeston, with 210. Elizabeth Slusmeyer was next with 212 and Edith Garrison was fourth with 214. Both are from the host club.

Jean Wilson, Murray, was the low net winner in the third flight with 152. Louise Lamb, Murray, was second with 153, while Myoka Wheeler, Mayfield, and Jeanie Morgan tied for third at 155.

Eighty-one ladies participated in the tournament.

MCC Junior Net Tourney Begins

The Murray Country Club Junior Tennis Tournament started Wednesday afternoon.

In the boy's singles, Brad Boone won in straight sets over Ashley Smock, 6-2 and 6-4. In the girl's singles, Patty McIntosh defeated Kathryn Simmons 6-3, 6-7 and 6-4.

The boy's doubles found Boone and Kevin Ray teaming to whip Smock and Mark Overbey while in the girl's doubles, McIntosh and Simmons upset Robyn Burke and Susan Stripling.

Scores were not available in the doubles matches.

LAYING IT DOWN — Jack Schraw of South Bend lays down a bunt in the first game of the afternoon against Janesville, Wis. Schraw reached base on the play, picking up one of his two hits. However, Janesville took a 9-5 win in the contest.

Ft. Thomas Highlands Ranked Tops In State

LOUISVILLE, Ky. (AP) — Ft. Thomas Highlands, Owensboro and St. Xavier are the top teams in the Associated Press preseason high school football poll.

Because of the addition of a AAAA Class by the Kentucky High School Athletic Association, the AP has divided state football teams into three polls, combining classes A, AA and AAA into one poll. There are separate polls for State Class AAAA and Jefferson County Class AAAA.

Ft. Thomas Highlands received most votes from the board of newspaper, radio and television sports writers. Mayfield, a Class AA team, was second, and Newport Catholic third.

Danville, another Class AA

team, tied for fourth with Elizabethtown. Harrodsburg, in sixth, was the top Class A team in the poll. They finished the 1974 season in first place on the final Class A poll.

Another Class A team, Paris, tied for seventh with Somerset. Bardonia was ninth, and Middlesboro tenth.

In the State Class AAAA poll, Owensboro received most votes, with Bryan Station second, Henry Clay third, Paducah Tilghman fourth and Bates-Creek fifth.

In the Jefferson County Class AAAA poll, St. Xavier, which finished the 1974 season at the top of the AAA poll, was again the first choice. Trinity was second and Bishop David third. Ballard was fourth, and Valley and DeSales were tied for fifth.

Great Lakes Regional Opens Here

Janesville, Pontiac And Worthington Take Wins

By MIKE BRANDON

Ledger & Times Sports Editor
"Where's that Ohio team from?" someone asked late Wednesday night or maybe it was even early Thursday morning.

"Cincinnati," someone snapped. "They're the Reds." They looked like it. They even had a Morgan on second base. And like Joe Morgan of the Reds, he's quite a stick man. Five hits in six trips to the plate for the record.

But even the Reds couldn't have matched Worthington's potent offense. They banged out 26 hits against three Murray pitchers and shell-shocked the host team in the Great Lakes Regional Tournament 28-5 at Holland Stadium.

The four-hour contest ended at 1 a.m. this morning.

In the other contests played in the opening round of the double elimination tournament, Janesville, Wisconsin, slapped South Bend, Ind., 9-5 in the opener while in the second game, Pontiac, Mich., humiliated Corbin, Ky., 20-4.

Tony Thurmond started on the mound for Murray. He retired the side in order in the first frame before the trouble started in the second. The most costly play in the inning was a three-base error in the outfield by Murray. It allowed three men to score.

In the second inning for Murray, cleanup hitter Tony Bayless uncorked a pitch into the bleachers in left to trim Worthington's lead to 5-1. And that was as close as it ever got.

By the time Murray got around to its next rally, Worthington was leading 19-1. Doug Morgan, the second baseman for Worthington, collected five hits in six trips to the plate to pace the Ohio State champions to the win. Right-fielder Mark Shane had four hits, including his seventh and eighth homers of the season, giving him the team lead.

For Murray, Thurmond had three hits while Mike Schroeder came off the bench to add two hits to the attack as did Craig Dowdy. Murray banged out 14 hits in the game.

In the other contest Wednesday night, righthander Mark Guard worked six innings and scattered five hits while giving up just two runs as Pontiac overwhelmed Corbin 20-4 in another football score.

Guard fanned 10 batters before finally being pulled out of the contest. The big blow in the game for Michigan's state champs was a three-run homer in the eighth by Tim McKay.

Corbin had scored twice in the top of the first but Pontiac got on the board with four in their half, added two in the second, one in the fifth, six in the sixth

and three in the seventh before Corbin managed to score again in the eighth.

McKay carried the big club for the winners as he banged out three hits and had five runs batted home. Jim Crosby also added three hits for Pontiac.

In the first contest of the day, a snappy Janesville, Wisconsin, crew had little trouble in disposing of South Bend, home of the Fighting Irish of Notre Dame.

South Bend had three homers in the contest. Bill Bilinski had a two-run blast in the fifth while pitcher Steve Nadonly and Jack Schraw had solo shots in the sixth and eighth innings respectively.

The only homer in the contest for Janesville came by their smooth third-sacker Steve Bunderson who ripped a solo four-bagger in the second. Both teams had nine hits in the contest.

Dave Hansen, a southpaw, went the distance in the muggy, 93-degree heat and fanned six in pitching Janesville to the victory.

In games set for today, Pontiac will tangle against untested Belleville, Ill., in a 1:30 p.m. contest to be played at Reagan Field. Belleville drew a bye in the tourney on the first day.

At 5:30 p.m., Murray will meet South Bend at Holland

Stadium and following the conclusion of that contest should be the best game of the tourney as Worthington collides head-on with Janesville.

Too Much Work

LOUISVILLE, Ky. (AP) — The head football coach at Iroquois High School has resigned after conducting 16 days of practice with only one assistant.

"I'm totally frustrated and disappointed in the whole situation," Tony Lanham said after resigning Wednesday. "Someone has completely turned his back on Iroquois."

Lanham said he had lined up a staff of five assistants but learned late last month that only one would be okayed for his staff.

Lanham said he went to the Jefferson County Board of Education but got "no response." He said he resigned as head coach only and will continue to teach at the school.

Spotlight Focused On Nicklaus As Texas Tourney Set To Open

By MIKE COCHRAN

Associated Press Writer
FORT WORTH, Tex. (AP) — With the spotlight locked on Jack Nicklaus, the fledgling Tournament Players Golf Championship resumed its romance with the big time today on the scenic and sinister Colonial Country Club course.

"We've done everything we can to make this the top golf tournament in the world," proclaimed PGA Czar Deane Beman as the game's elite launched the chase for a \$50,000 top prize.

"The condition of the course is impeccable," Beman said. "We consider this as good a test of golf as there is, and this is as great a field as ever assembled."

A purse of \$250,000 coupled with the tournament's "designated" status attracted all the superstars for this second running of the touring pros' own championship.

"We're doing all we can to put the ingredients in to make this a major tournament. But these things must stand the test of time," said Beman, who won a new five-year pact as commissioner on the eve of the 72-

hole event.

The tournament players want their championship to rank alongside the so-called Big Four of golf — the U.S. and British Opens, the Masters and the PGA.

But when and if it is to obtain such lofty credentials remains a matter of much debate.

The TPC must first earn press and public acceptance, said Beman. But, quipped someone, it could become major overnight if Nicklaus would announce he's setting his sights on sweeping the "Big Five."

Nicklaus, smiling and relaxed and joking with newsmen, said Wednesday the TPC is indeed an important U.S. event but must gain worldwide recognition before becoming truly major.

"It'll happen with time," he said.

The Golden Bear's words carry special clout since he won the inaugural TPC last year at Atlanta and holds more major titles, 16, than any golfer in history.

He captured two of the four jewels in the Grand Slam this year and said a victory here would be more significant than

a normal tour triumph.

"I'm the defending champion and I'm playing a golf course I've never won on," he explained. "I'd be kidding you if I said that I'm as high as I was for the PGA, but I'd like very much to win here."

Nicklaus tuned up in Wednesday's pro-am with a three-under-par 67 and predicted that Colonial's 7,190-yard Trinity River layout will yield perhaps five strokes to par for the champion after four rounds.

Johnny Miller, sidelined with a wrist ailment, was the only big name missing as a field of 144 set out in quest of a title that may someday be a historic trophy.

Signed As Coach

SAN ANTONIO (AP) — Thunder officials said Don Batie has signed to coach in 1976 the San Antonio entry in the North American Soccer League.

Batie took over the Thunder at mid-season earlier this year after former mentor Alex Perotti mustered just one win in nine outings.

Batie's record for the rest of the season was 5-8.

DID HE OR DIDN'T HE?—Only the umpire knows for sure but Rick Kingsley of Janesville, Wis., was called out on this bunt after he beat it out for an apparent hit on a suicide squeeze play. The umpire ruled Kingsley stepped on the plate.

Bewley Tied For Lead In Kentucky Open Play

LEXINGTON, Ky. (AP) — "I made the trip even though I might not get to play because I've got a lot of old friends here," says Bill Bewley, a 29-year-old Army captain from Bowling Green who's tied for the lead in the Kentucky Open Golf Championship, which ends today.

Bewley, competing in only his second Kentucky Open, fired a sizzling 69 in the second round of the tourney Tuesday for a two-day total of 143.

Joe Lally Jr. of Louisville, who shot a 71, is tied for the lead. Lally had a first-day score of 72.

Bewley's performance was impressive. He connected on two 12-foot birdie putts and had two others in the four-foot range. He missed three other birdie putts.

Bewley was an alternate for the tournament and didn't know he would play until just before the first round began.

"The only thing I regret about being an alternate is what happened to the man I replaced, Ron Hacker," said Bewley. "Someone broke into his pro shop (at Woodford County Country Club) and cleaned him out."

San Francisco's Ed Halicki was displaying his knowledge of the Pittsburgh hitters again Wednesday night when they suddenly taught him a thing or two.

"For a young guy, Halicki knows our club very well. His pitching pattern against us is excellent," said winning pitcher Jim Rooker after the Pirates rallied for three runs in the

eighth inning and a 3-1 victory over the Giants.

The victory was the Pirates' second in a row — the last time that happened was an Aug. 3 doubleheader — and kept them one game in front of Philadelphia in the National League's East Division. The Phillies defeated the Atlanta Braves 4-1.

Meanwhile, the St. Louis Cardinals remained 2½ games

back by blanking the Cincinnati Reds 4-0, the New York Mets dropped five games out by losing to Houston 5-4 in 10 innings and the San Diego Padres outlasted the Montreal Expos 8-6. The Los Angeles Dodgers and the Cubs were rained out in Chicago.

The Pirates, who had dropped 11 of their last 13 games, were blanked on two hits for 7 1-3 innings by Halicki, who had beaten them three

times this season.

But Richie Zisk got an infield hit with one out in the eighth, took second on Manny Sanguillen's single and scored the tying run on rookie Craig Reynolds' double. Following an intentional walk to pinch hitter Bill Robinson, Randy Moffitt relieved Halicki and Rennie Stennett rapped a tie-breaking two-run single.

Cardinals 4, Reds 0
Bake McBride drove in three runs with his third and fourth homers — his first since May 2 — and Ron Reed pitched a four-hitter as St. Louis ended Fred Norman's six-game winning streak.

Ken Reitz' run-scoring single broke up a scoreless duel in the

fourth following hits by Willie Davis and Reggie Smith. An inning later, Lou Brock singled and McBride drove the next pitch over the right field fence near the foul line. The speedy outfielder later greeted reliever

Will McEnaney with an inside-the-park home run in the eighth. Reed permitted singles in each of the first four innings, then set down 13 batters in a row following Tony Perez' lead-off hit in the fourth. After an error by shortstop Mike Tyson, Reed retired the last five batters to end the game.

Phillies 4, Braves 1

Greg Luzinski drove in his 100th run of the season with a seventh-inning double and Dave Cash delivered a pair of run-

scoring singles. Larry Christenson was lifted for a pinch hitter in the seventh after allowing only three Atlanta runners to reach base, two on singles and one on a walk.

Astros 5, Mets 4
Cesar Cedeño led off the 10th inning with a single off rookie Rick Baldwin and scored on Cliff Johnson's hit-and-run double for Bill Virdon's first triumph as manager of the Astros. Johnson hit his 12th home run in the sixth inning.

Padres 8, Expos 6
Enzo Hernandez snapped a 5-5 tie with a three-run double in the seventh inning and Gene Locklear knocked in four runs, three with his fourth home run of the season.

Furgerson Says Hobbie Key Factor For Racers

MURRAY, Ky. (AP) — Just about everyone in the Ohio Valley Conference will be breaking in a new quarterback this season, and I think that will be the key factor in the league championship race.

At Murray, we'll have Mike Hobbie replacing All-OVC Tom Pandolfi, who graduated, and I

think he'll do a good job of running our offense. He was Pandolfi's backup for three years and started four games two seasons ago.

He throws well, as he proved by completing 15 of 20 passes in our spring game.

We have a big hole to fill at running back because of Don Clayton's graduation, but Art Kennedy played well in his few appearances last season and could be the answer. We have all our receivers of last year, but we'll be short on experience and depth in the offensive line.

However, center will be in the good hands of Tony Mendez, who has started three years, although last season was his first at center.

We have 10 of our 11 defensive starters back and should be pretty solid down the line there. Although we'll have lots of experience, we'll be one of the smallest defensive teams in the league, as we have been for the last two seasons.

The front line will be led by tackle Jay Waddle, our captain,

and he's a fine player and leader. We switched the linebackers around a bit in the spring, but we've got some good talent and a lot of hustle in players like David McDonald and Don Hettich.

Our defensive secondary set a Murray record for interceptions last fall, and Bruce Walker led the OVC with nine. That unit is intact for this season, and they should do an excellent job.

I think the OVC will go about as usual — with the team that gets a few right bounces of the football and avoids injuries winning it.

We've had some breaks and made some great comebacks to stay undefeated the two seasons we've played in our new stadium, and I'd certainly like to see that string continued.

However, we'll play some strong teams there this fall, including Western Carolina, who was in the NCAA playoffs last year, and Eastern Kentucky, the defending OVC champion.

Defective Artificial Heart Valves Now Being Recalled

WASHINGTON (AP) — Three batches of defective artificial heart valves implicated in two deaths and one serious injury are being recalled on an emergency basis from national and international markets, the Food and Drug Administration announced Wednesday.

As a precaution, the FDA said heart surgeons who have implanted about 65,000 other

heart valves in patients during the last 6½ years are being alerted also to monitor their patients "very, very closely" for warning signs.

Shiley Laboratories Inc. of Santa Ana, Calif., is recalling three production lots of its Bjork-Shiley aortic and mitral heart valves manufactured between February 1973 and July 3, 1975.

The FDA said some of the valves may fail if the lower struts collapse. Out of the 204 valves involved in the recall, the FDA said 36 are believed to remain in domestic channels and another 114 in international trade channels.

The FDA said Shiley can identify the 54 heart patients who have received implants of the valves being withdrawn from the market.

Surgeons must decide on a patient-by-patient basis whether the risk of valve failure is great enough to warrant open-heart surgery for removal and replacement with a new valve, the FDA said.

The two deaths occurred in July. One of the victims was a woman who received her valve in Phoenix, Ariz., less than eight weeks before she collapsed and died while attending a convention in San Francisco. The other was a patient in St. Francis Hospital in Wichita, Kan., who had a valve implant in 1973.

The third confirmed valve failure involved a patient in Massachusetts General Hospital in Boston. The FDA said the patient had received the valve less than two months before it failed and was replaced in late May. The patient was still in a coma at last report, the FDA said.

Since the problem was identified, Shiley has begun strengthening welds on its new valves to avoid strut fractures, the FDA said.

The firm has distributed 90,000 to 95,000 artificial heart valves worldwide, and about 65,000 have been implanted, the FDA said.

ST. MAARTEN (AP) — Visitors to this half Dutch, half French resort island in the Netherlands Antilles Windwards now can keep in touch with their families or businesses in the United States by direct dial telephone.

Calling St. Maarten from the U.S., however, must still be done the old fashioned way through the overseas operator.

THIS IS THE WAY IT WAS — Major Henry L. Isenberg, outgoing commander of Air Force Recruiting Detachment 311, shows his successor, Major Bernard M. Stein, a map of the former detachment area. Under a recent reorganization of the AF Recruiting Service, the "new" area includes this area of Kentucky.

The Army Green

Back To School Time Is Just Around The Corner

By SFC Jerry Work

September is just around the corner. Soon it will be "back to college" for young people here and across the nation. Increasingly, however, the return to the classroom is a reality only for those fortunate enough to be able to personally finance their schooling.

Blame it on recession, inflation or whatever specter you choose, the end result is the same: a college degree is becoming more elusive for a greater percentage of American young people.

What's the answer? Certainly an end to inflation and recession would ease the situation. But we as a nation can't bank our educational future on the hope that certain economic problems will be solved to our benefit. Difficult times call for action. But where do we direct our energies?

One direction is toward the U. S. Army. The Army is cooperating with over 1200 colleges in an educational program, called Project AHEAD, that makes a college degree far more accessible in these times. A young person starts college and the Army at the same time. He or she is a soldier full time and a student part time. Courses are offered on-post and at nearby institutions. In many cases, the Army picks up the bulk of the tuition.

Project AHEAD isn't the only answer to the nation's educational dilemma. But it is an answer. In these questioning times, answers are hard to

come by.

Artillery Officers

Get Taste Of Action

Members of the Artillery Officer's Basic Course at Fort Sill, Okla., are now finding out what it's like to be an infantryman or tank driver during an attack. According to a report from Sgt. Jerry Work, local Army representative, in an exercise devised by the Tactics and Combined Arms Department (TCAD), Maneuver Division, and called "Combined Arms Team in the Attack," students receive a first-hand introduction to the noise, dust and confusion of the battlefield.

The mission of Maneuver Division is to teach artillery officers how to integrate themselves into the combined arms team. The exercise incorporates simulated enemy machine gun fire, anti-tank missiles and pop-up tank targets.

Food Service

Specialists Needed

The U.S. Army presently has job openings for food service specialists, according to local Army representative Sgt. Jerry Work.

Those who volunteer for this career field start as Food Service Helpers who prepare food for cooking. As individuals gain experience, they may be trained as cooks, bakers or for related work.

Government Spend \$280,000 For Study Of Tomato Peelings

WASHINGTON (AP) — Tomato peelings and their potential as human food are receiving the federal government's attention and \$280,000 of its money.

The government is contributing the funds to a two-year "commercial feasibility" study aimed at finding out if processors can convert the normally discarded peelings into food for humans.

Nearly 80 per cent of the tomatoes for processing are grown in California and about 130,000 tons of peels are produced annually.

Disposal, which requires spe-

cial handling, costs \$1 million per year, the Agriculture Department said Tuesday. "Half of this peel material might be used as food, with a value of nearly \$3 million annually," it said.

Officials said evaluations will be made of methods for recovering tomato material from peeling waste which results from a practice of dipping tomatoes in a hot lye solution so that the peels can be removed easily.

The department said that \$80,000 will come from its research funds and \$200,000 from the Environmental Protection Agency.

Jehovah's Witnesses Plan Meet

More than 1,600 Jehovah's Witnesses are expected to meet August 23 and 24 at Mayfield High School. The Murray congregation will then join 25 other western Kentucky congregations in a weekend circuit assembly.

Newly assigned district overseer Wesley Benner will set the theme of the meeting Saturday morning with his keynote address "Have We Kept Out Senses and Been Watchful?". Benner will also discuss the assembly highlight "Stand Still and See the Salvation of Jehovah" Sunday afternoon at 2:00.

Following the Mayfield event a considerable change will be made in the make-up of the local circuit. Seven eastern congregations will then partially form a south-central Kentucky circuit. The change was made necessary by the rapid growth of the congregations in recent years with three new congregations being formed this year.

Present circuit overseer John Mansavage has been working in cooperation with the Watchtower Society of Brooklyn, New York, to develop a program to fit the needs of the local congregations. Mansavage will assume circuit overseer's duties in a North Carolina circuit the first week of September.

On Nov. 4, 1952, Gen. Dwight D. Eisenhower was elected President. He was the first Republican to hold this office since Hoover.

Local Schools Announce Free Lunch-Milk Policy

The Calloway County Schools and The Murray City Schools today announced its policy for free meals, free milk, and reduced-price meals for children unable to pay the full price of meals and milk served in schools under the National School Lunch Program and School Breakfast and-or Special Milk Program. Local school officials have adopted the following family size and income criteria for determining eligibility:

Family Size	Column 1 Free meals and free milk if income is not exceeded	Column 2 Reduced-price meals if income is from
1	\$ 3,220	\$ 3,221 - \$ 4,330
2	4,240	4,241 - 5,350
3	5,260	5,261 - 6,370
4	6,280	6,281 - 7,390
5	7,300	7,301 - 8,410
6	8,320	8,321 - 9,430
7	9,340	9,341 - 10,450
8	10,360	10,361 - 11,470
9	11,380	11,381 - 12,490
10	12,400	12,401 - 13,510
11	13,420	13,421 - 14,530
12	14,440	14,441 - 15,550
Each additional family member	\$750 - \$1,050	

Children from families whose income is at or below the levels shown are eligible for free meals, free milk or reduced-price meals. In addition, families not meeting these criteria but with hardship conditions due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses

are urged to apply. Application forms are being sent to all homes with a letter to parents. Additional forms are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wish to apply for such meals and milk for them, they should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of his race, sex, color, or national origin.

Under the provision of the policy the school principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official he may make a request either orally or in writing to William B. Miller, 401 N. 16th Street, or Fred Schultz, 814 Poplar Street for a hearing to appeal the decision.

A complete copy of the policy is on file in each school and in the office of the District Superintendent where it may be reviewed by any interested party.

BIKING AROUND THE DECK

PORT ELIZABETH, South Africa (AP) — The deck of the Cassiopeia, a large Swedish ore carrier docked here, is so long that some crew members use bicycles to get from one end to the other.

The ship is 772 feet long and 102 feet wide so that three rows of 30 end-to-end tennis courts would almost blanket the deck.

Capt. Ove Prytz says three bicycles are kept on board so that crew members can move quickly from one end of the vessel to the other.

"You can get tired if you have to walk that distance several times a day," he said in an interview.

San Francisco Strike Leaders Agree To Settlement

SAN FRANCISCO (AP) — Leaders of striking police and firemen agreed to a proposed settlement early today after long hours of negotiations mediated by Mayor Joseph L. Alioto.

The mayor predicted that the city's board of supervisors, who had disagreed sharply with him over handling of the pay dispute, would accept the tentative agreement. Details of the proposal were not disclosed.

"I am very happy that the parties have reached a pro-

posed settlement of the dispute relating to police and firemen," Alioto said at an impromptu news conference.

"I think after they (superintendents) have a good night's sleep, they will agree that what has been done here is in the best interest of all San Franciscans," said Alioto, who was joined by strike leaders at the news conference.

Alioto said the tentative settlement would be offered to members of the Police Officers Association, Fire Fighters Lo-

cal 798 and the board of supervisors "at the earliest possible moment."

Asked when he thought police and firemen would be back on the job, Alioto said, "We are going to leave the situation as it is at present."

About 90 per cent of the city's 1,935 policemen went on strike Monday after supervisors approved a 6.5 per cent salary increase, half of what police had demanded. Firemen, seeking the same wage boost, joined the strike Wednesday night.

Jerry Schreff, vice president of the firemen's union, estimated that of the 1,700 men on the force, only about 200 were on duty after an overwhelmingly favorable strike vote.

The current pay schedule for

police ranges from \$16,044 for rookies to \$25,944 for captains. Firemen's salaries are the same as policemen's.

Sporadic violence and vandalism, including a small bomb explosion at Alioto's home early Wednesday, erupted during the strike by police.

Supervisory personnel and some nonstriking police and firemen provided emergency protection after the walkouts.

The board of supervisors voted a state of emergency Wednesday before the firemen's strike, asking that Gov. Edmund Brown Jr. be requested to send in 200 state highway patrolmen to help police the city.

But Alioto refused to declare the emergency, and supervisors voted unanimously late

Wednesday to ask Brown directly for the highway patrolmen.

At that point, Supervisor Terry Francois said Alioto "is not negotiating on our behalf. We never asked him to negotiate." Dianne Feinstein, president of the board of supervisors, said: "As far as we're concerned, until the public safety needs of this city are met, there are no further negotiations planned."

Meanwhile, officers of the 1,850 member Transport Workers Union, who had been earning \$6.73 an hour, agreed to a 6.5 per cent pay raise, averting a bus strike threatened for midnight tonight. A strike would have affected 500,000 daily bus and trolley passengers.

Program Planned To Train Clergy To Assist Alcoholics

LEXINGTON, Ky. (AP) — A statewide program to train members of the clergy to work with alcoholics will be sponsored by the Kentucky Association of Alcohol Abuse and Alcoholism (KAAAA) and the Kentucky Council of Churches.

The project is funded through a \$16,000 grant from the Southern Area Alcohol Education and Training Program Inc.

Under the direction of the KAAAA seminars will be organized at 18 sites in the state to inform members of the clergy about alcoholism, to enable them to identify alcohol-related problems and to inform them of resources available to help alcoholics.

"The minister is one of the most important but utilized persons in the alcoholism recovery

process," said Ray Daugherty, KAAAA executive director. "Most alcoholics seek help from the church early in their recovery process but are often frustrated when the minister fails to relate to their alcoholism in a constructive way."

John Bryan, a graduate of Louisville Presbyterian Theological Seminary, will direct the clergy alcoholism training program.

Daugherty said members of the clergy have expressed interest in the project.

The KAAAA is a private, nonprofit group incorporated about two years ago to educate the public about abuse of alcohol and to encourage public action in dealing with problems of alcoholism.

Rush Week Being Held At University

About 90 young women who will be attending Murray State University when the fall semester begins the week of Aug. 25 are on the campus early this week for the annual Rush Week for prospective sorority pledges.

Most of the rushees on campus for the busy week of activities that began Sunday are incoming freshmen, while others are undergraduates who are returning to school.

Organized by the Panhellenic Council, the governing body of the six active national social sororities at Murray State, Rush Week began with a registration and will culminate Saturday when the women affiliate with one of the sororities as pledges.

Liz Chambers, a Heath senior and rush chairman for the Panhellenic Council, said formal rush activities during the week are designed to acquaint rushees with Greek and sorority life on the campus. Rushees visit with and are entertained by members of each sorority during the week.

Informal rush after the beginning of the fall semester is also a possibility open to coeds for sorority membership.

The six sororities at Murray State are: Alpha Delta Pi, Alpha Gamma Delta, Alpha Omicron Pi, Alpha Sigma Alpha, Kappa Delta, and Sigma Sigma Sigma.

Leslie Crisp, an Eddyville senior is the president of the Panhellenic Council, which includes representation from each sorority on its board.

IMPROVEMENT CAN BE COSTLY

You can make a million mistakes trying to sell your own home. And one of them is making the wrong improvements. Many times, an expensive addition or repair can be the kind of thing that'll cost you far more than you get back.

True, the house should present a favorable appearance - mowed lawn, trimmed shrubs, and no obvious indications of neglect, but it's rare when a large financial undertaking will bring more than its cost in the final selling price.

There is always the financial risk of miscalculation too. Home repair costs frequently end up a lot higher than originally anticipated.

You may end up with a faster sale and less inconvenience if you lower the selling price an equivalent amount.

Instead of guessing as to how much, if any, repair work to undertake, see a Realtor. He can tell you what to do to make your home more salable. And what not to do so you won't lose money.

If there is anything we can do to help you in the field of real estate, please phone or drop in at PURDUM & THURMAN REAL ESTATE, 407 Maple St., Murray, Phone: 753-4451. We're here to help!

Virginia Woman's Horses Win Back-To-Back Prizes

LOUISVILLE, Ky. (AP) — "You always hope you'll be able to win, but you never know," says a Virginia woman whose horses won back-to-back prizes at the Kentucky State Fair.

"It's really exciting to win two classes back-to-back like that," Mrs. Kenneth Wheeler of Keswick, Va., said Wednesday night.

One of her horses, a gelding named Special Entertainer, won a \$250 first prize in its division. Moments before, Mrs. Wheeler picked up another victory in the \$500 Amateur Hackney Pony Stake with the mare Terry Jean's Souvenir.

It was Special Entertainer's second appearance at the fair and his second first place finish in the stake.

"More than anything, he has good motion," Mrs. Wheeler said.

Construction will begin within a few weeks on the new \$4 million building to house the Tobacco and Health Research Institute at the University of Kentucky.

"This new tobacco research facility, with its special laboratories and equipment, will clearly help the institute to move ahead with research in an area so important to the state and nation," said UK President Otis A. Singletary.

The three-story building will be located on the south side of Cooper Drive between Nicholasville Road and the entrance to Commonwealth Stadium.

Foster & Creighton Co., Lexington, was the successful bidder for the concrete structure which will contain 57,000 square feet. McLoney & Associates, Lexington architectural firm, designed the building.

Dr. Robert M. Drake, special assistant to the UK President, said the contract specified a construction time of 500 days. This would mean a completion time of late 1976 or early 1977, he said.

Drake said the institute's purpose is "mission oriented research on health-related effects of tobacco use such as bioassay, cardiovascular and pulmonary effects; pharmacology and research in genetics, production and processing of the tobacco plant and the manufacturing of tobacco products to eliminate deleterious effects of tobacco."

The research program is in support of a vital part of Kentucky's economy, Drake observed.

The facility will contain special research laboratories constructed in such a way as to prevent any biological cross-contamination from one area to another.

Construction will be funded by a tax on cigarettes sold in Kentucky. The fund is administered by the Kentucky Tobacco Research Board whose chairman is Thomas O. Harris of Carrollton. The Tobacco and Health Research Institute's director is Dr. John P. Wyatt.

The institute's office and laboratories are now dispersed throughout several buildings on the UK campus. Administrative offices are in Kinkaid hall.

Tarpley Jones To Attend Student Week, Fort Knox

Tarpley Jones, son of Mr. and Mrs. Marshall P. Jones, Murray, has been selected by LTC. Johnnie R. Pritchard, professor of military science at Murray State University, to attend the 1975 Student Leadership Week at Fort Knox August 24-28.

Student Leadership Week, sponsored by the Second ROTC Region, will include a tour of the post facilities and points of interest, and a chance to take a close look at the lifestyle of an officer in the Army.

The five students with the best presentations will be designated Honorary Commanders - Commanding Generals of the various units on post.

Jones is a senior at Murray High School.

Buford Hurt, state manager for Woodmen of the World, was given special recognition and awarded a certificate of appreciation for his interest in and cooperation with the Kentucky Vocational Agriculture Teachers Association at the annual KVATA Conference at Bowling Green. Each year the teachers select individuals throughout the state who have rendered outstanding service to the association. Hurt makes it possible for every teacher in the state to have his picture in the KVATA Directory published annually and used by vocational educators throughout the state. Hurt has been WOW State manager since 1948 and in 1974 was selected "Boss of the Year" by the Murray Chapter of National Secretaries Association, International.

Mrs. Ford Breaks Traditional White House Sleeping Habits

NEW YORK (AP) — First Lady Betty Ford says the White House tradition of separate bedrooms "is just too far to go for politics" and she sleeps with her husband "as often as possible."

Mrs. Ford is quoted in the September issue of McCall's magazine as saying she got letters "from all across the country" after she was reported to have spurned the White House practice of separate sleeping chambers.

Many of the writers seemed to "feel it is very immoral for us to be using the same bedroom," Mrs. Ford said. She complained that apparently some Americans think a man who becomes president is "supposed to become a eunuch."

Mrs. Ford, 57, sparked controversy two weeks ago when she said in a television interview that she would not be surprised if her 18-year-old daughter Susan came to her and said she was having an affair. Susan later said she was not having an affair.

Writer Myra MacPherson says the First Lady shows no generation gap in her attitudes toward younger people's opin-

ions and ways of life, including living together though unmarried.

In this connection, Mrs. Ford is quoted as saying, "Sometimes I'm not so sure that maybe this generation approaches life more wisely than we have. I know that may seem controversial, but it's an actual fact that in college more couples are living off campus together. If these things are going to take place, if I were the parent, I'd rather have the children come to me and feel free to tell me."

She added that freedom to indulge in such a life style might be "impossible for her own children," being White House children. But she adds, "I don't think they'd do it anyway. I don't think they are inclined that way."

Mrs. Ford says she has always had a strong civil libertarian streak, nurtured by her mother's tolerant attitude for people, according to McCall's.

The magazine said Mrs. Ford's personality asserted itself following her very public and emotionally painful breast cancer surgery, an operation whose side effects were eased

by the President's empathy. "It was easy for me to accept the operation," Mrs. Ford says. "I had been married 26 years and we had our four children. There was no problem of lack of love, affection and attention."

Looking back on her first year in the White House, Mrs. Ford says, "I think I've learned over the past months the positiveness of the position (First Lady) — which I hadn't realized before."
